PROFILE SUMMARY

I am a dedicated Front-End Web Developer skilled in HTML, CSS, and responsive design. With a strong background in Computer Science and Mathematics, I have experience in C, C++, and Python programming. I enjoy building clean, user-friendly websites and solving real-world problems through code. I hold a CCC certification, have knowledge of MS Excel, and continuously work on upgrading my skills to stay current in the tech industry.

TECHNICAL SKILLS

- **Front End Developer(HTML, CSS).**
- **C Programming Language.**
- **C Plus Plus Programming Language.**
- **Python Programming Language.**
- **Core MX Excel.**
- **CCC Critified.**

OBJECTIVE

Motivated Front-End Developer with skills in HTML, CSS, and responsive design, seeking an entry-level role to build clean, user-friendly web interfaces. A quick learner, eager to work on challenging projects and grow by contributing to high-level web development tasks.

OTHER SKILLS

I am fluent in Hindi and English, with excellent verbal and written communication skills.

PROJECTS

Worked on multiple front-end projects including a Responsive Portfolio, E-commerce Website, Login Page, and modern UI designs and Cloned popular websites like Netflix and Amazon using HTML and CSS to understand layout and responsive structure. Currently learning Python to build dynamic and interactive features in future web applications.
